SIGENP 30 ANNI

Società Italiana di Gastroenterologia Epatologia e Nutrizione Pediatrica

# RESEARCH DAYS SIGENP

## VIAGRANDE| 6-8 FEBBRAIO 2025

GRAND HOTEL VILLA ITRIA, Via Antonino Aniante, 3 - Viagrande (CT)

RESPONSABILE SCIENTIFICO: Prof. Claudio Romano

un evento organizzato da | BioMedia La condivisione del sapere

SIGENP 30 ANNI
Società Italiana di Gastroenterologia Epatologia e Nutrizione Pediatrica

## RESPONSABILE SCIENTIFICO

Prof. Claudio Romano, *Messina*

## FACULTY

Martino Ruggieri, *Catania*

Marco Deganello Saccomani, *Verona*

Angelo Di Giorgio, *Udine*

Ruggiero Francavilla, *Bari*

Salvatore Oliva, *Roma*

Silvia Salvatore, *Varese*

Caterina Strisciuglio, *Napoli*

Renato Tambucci, *Roma*

Gianluca Dettori, *Milano*

Marco Gasparetto, *Norwich, UK*

14.00 - 14.45 **Introduzione al Corso**

**Lettura magistrale**
Presenta: R. Francavilla
I "must know" per programmare una ricerca
M. Ruggieri (Catania)

14.45 - 16.15 **Workshop 1: FEGATO**
*Moderatori: A. Di Giorgio*

1. *Cryptosporidium Infection in Paediatric Liver Transplant Recipients: Clinical challenges, impact on graft function and the importance of early diagnosis and management*
   (Annalaura Milano, Salerno)

2. *Hepatosplenomegaly: Sometimes The Only Sign Of Rare Diseases In Pediatric Age.*
   (Melissa Iandolo, Salerno)

3. *Mutation In The Scribble Gene In A Case Of Cholestasis: A Case Report*
   (Rosanna Masturzo, Salerno)

4. *Obesity's Impact on Lipid Profile and Liver Health in Youth: The Protective Role of HDL Against Inflammation*
   (Annalisa Morelli, Salerno)

5. *Paediatric-onset autoimmune liver disease: Insights from a monocentric experience*
   (Franco Curci, Firenze)

6. *Serum bile acid concentrations of patients with Progressive Familial Intrahepatic Cholestasis during the disease course*
   (Marco Salvi, Bergamo)

7. *Stretnthing the correlation between SLC10A2 gene and primary malasorbition of biliar acid*
   (Mattia Milite, Napoli)

8. *The Alagille-Like Babies*
   (Carmen Campanile, Salerno)

Commento: giovani e senior
Discussione

16.15 - 16.45 **Ingestione corpi estranei e caustici linea guida SIGENP**
*Moderatori: S. Oliva*
Presenta: Antonio Corsello

16.45 - 17.15 **Coffee Break**

17.45 - 18.45 **Workshop 2: ENDOSCOPIA**
*Moderatori: M. Deganello Saccomani*

1. *Applicability Of Endoscopic And Histologic Scores In Children With Eosinophilic Esophagitis At Diagnosis And Follow-Up*
   (Sebastiano Salaorni, Verona)

2. *Microbiota And Behavior In Children: Emerging Data From A Systematic Review*
   (Gaia Dellea, Varese)

3. *Microscopic colitis prevalence in a single center pediatric population*
   (Fabiana Rita Guida, Roma)

4. *No COVID-19 pandemic impact on incidence and clinical presentation of celiac disease in Italian children*
   (Claudia Ballabio, Varese)

5. *Over-the-scope clip for closure of persistent gastrocutaneous fistula after gastrostomy tube removal: a multicenter pediatric experience*
   (Antonio Corsello, Milano)

6. *The effect of L. Reuteri DSM 17938 supplementation on Helicobacter pylori eradication: a systematic review and meta-analysis of Randomized controlled trials*
   (Francesca Marasciulo, Bari)

7. *Why Eosinophilic Esophagitis May Be Associated To Pediatric Patients With Type 1 Diabetes?*
   (Sossio Vitale, Napoli)Discussione

18.45 **Chiusura della prima giornata**

09.00 - 09.30 **Irritable Bowel Syndrome in Children and Adolescent: joint consensus**
*Moderatore: S. Salvatore*
*Presenta: Gaia Dellea*

09.30 - 11.00 **Workshop 3: NEUROGASTRO**
*Moderatore: S. Salvatore*

1. *Evaluation Of Dgbis Prevalence (Rome Iv Criteria) In Obese Paediatric Patients And Correlation With Inflammatory Markers*
   (Antonio Colucci, Napoli)

2. *High resolution anorectal manometry in patients with anorectal malformation: an helpful allay to set a personalized treatment*
   (Alessia Cherubino, Cosenza)

3. *Intestinal Inflammation And Immune-Mediated Diseases In A Cohort Of Obese Children*
   (Anna Mirra, Napoli)

4. *Looking Beyond Joints: Gastrointestinal Involvement In Children And Adolescents With Juvenile Idiopathic Arthritis*
   (Noemi Pistola, Roma)

5. *Pressure Flow Analysis In Pediatric Achalasia Patients Undergoing POEM: A Novel Tool To Evaluate Bolus Flow*
   (Giulia Chiarazzo, Roma)

6. *Prevalence And Clinical Predictors Of Functional Dysphagia In Children Without Neurologic Impairment: A Retrospective Cohort Study*
   (Veronica Lazzaretto, Trieste)

7. *The Environmental Impact Of Paediatric Coeliac Disease Diagnosis And Follow-Up*
   (Mario Brusco, Perugia)

8. *Transverse Rectal Diameter As Predictor Of Severity In Children With Chronic Functional Constipation: A Longitudinal Prospective Study*
   (Francesca Viozzi, Roma)

Commento: giovani e senior
Discussione

11.00 - 11.30 **Coffee break**

11.30 - 13.00 **Workshop 4: NUTRIZIONE**
*Moderatore: C. Romano*

1. *Assessment Of Nutritional Status In Hospitalized Pediatric Patients*
   (Rossella Morello, Messina )

2. *Energy Characterization And Nutrient Composition Of The Traffic Light Diet : Our Experience*
   (Rossella Colantuono, Salerno)

3. *Neuropsychological Assessment Of A Cohort Of Patients With Intestinal Failure On Parenteral Nutrition.*
   (Alessia Salatto, Napoli)

4. *Predictive Factors Of Health Related Quality Of Life In Children And Adolescents With Celiac Disease: An Italian Multicentre Study On Behalf Of The SIGENP*
   (Marco Crocco, Genova)

5. *Preventive Effect Of Cow's Milk Fermented With Lactobacillus Paracasei CBA L74 On Common Infectious Diseases In Children: A Randomized Double-Blind Controlled Clinical Trial*
   (Alessia Caffori, Bari)

6. *The Role Of Dietary Habits And Lifestyles In The Natural History Of Celiac Disease: A Longitudinal Retrospective And A Cross-Sectional Prospective Study*
   (Maria Boccia, Napoli)

7. *Transglutaminase 2 Inhibitors: A New Therapeutic Perspective In Treating Symptomatic Celiac Disease? A Multicentric Real-Life Experience.*
   (Giovanna Fernanda Vazzana, Messina)

Commento: giovani e senior
Discussione

13.00 - 14.00 **Lunch**

14.00 - 14.30 **Esofagite eosinofila : nuove linee guida ESPGHAN**
*Moderatore: C. Strisciuglio*
*Presenta: Antonio Colucci*

14.30 - 15:30 **Lettura**
**Startup ed innovazione tecnologica**
*Presenta: G. Dettori*

15.30-16.30 **I "needs" dei giovani ricercatori**
*I candidati pongono alla commissione le domande necessarie a chiarire come superare i problemi che si incontrano nella pratica quotidiana in tema di ricerca. Le domande potranno essere anche anonime e somministrate in modalità digitale.*
*Moderatore: R. Francavilla*

16.30 **Chiusura della seconda giornata e programma sociale**

09.30 - 10.00 **Gestione della stipsi cronica refrattaria: consensus SIGENP e raccomandazioni NASPGHAN**
*Moderatore: R. Tambucci*
*Presenta: Giulia Chiarazzo*

**Workshop 5: MALATTIE CORRELATE AD ALIMENTI**
*Moderatore: R. Tambucci*

1. *Evaluation Of The Efficiency Of Non-Invasive Approach In Monitoring Therapeutic Modifications In Pediatric Inflammatory Bowel Diseases (IBD): A Multicenter Prospective Italian Study*
   (Viviana Vela, Napoli)

2. *Butyrate In Children With IBS: Double Blind Placebo Controlled Randomized Clinical Trial*
   (Emanuela Disabato, Bari)

3. *Hub-And-Spoke Regional System Supported By Telehealth For Managing Coeliac Disease In Liguria*
   (Federica Malerba, Genova)

4. *Impact Of Tpmt Genotype On Azathioprine Side Effects And Durability In A Cohort Of Pediatric Patients With Inflammatory Bowel Disease: A Real-Life Study.*
   (Francesca Di Sario, Ancona)

5. *Is Methotrexate Still A Valid Option In Pediatric IBD? Therapeutic Indications, Long-Term Efficacy And Tolerability.*
   (Rossana Albano, Napoli)

6. *Long-Term Outcome Of Children With Very-Early-Onset Non-Monogenic Colitis: A Single Center Retrospective Study*
   (Giuseppe Logrieco, Paris-Francia)

7. *Natural-Killer-Receptors Profile Of Tcraβ+CD8+ And Tcrγδ+ Intraepithelial Lymphocytes In Different Stages Of Celiac Disease: A Prospective Study*
   (Antonella Marano, Napoli)

Commento: giovani e senior
